Intelligent transport systems — Basic principles for personal data protection in probe vehicle information services

Contents

Page

Foreword	iv
Introduction.....	v
1 Scope	1
2 Normative references.....	1
3 Terms and definitions	1
4 Privacy context for probe vehicle systems	4
5 Reference architecture.....	5
6 Personal data included in probe vehicle systems	6
6.1 Personal data	6
6.2 Encryption data that can become personal data	7
6.3 Authentication data that can become personal data.....	8
7 The basic principles	8
7.1 General	8
7.2 Collection limitation principle	8
7.3 Data quality principle	9
7.4 Purpose specification principle	9
7.5 Use-limitation principle.....	10
7.6 Security safeguards principle	10
7.7 Openness principle	10
7.8 Individual participation principle	10
7.9 Accountability principle.....	10
Annex A (informative) Threats to personal data in probe vehicle systems.....	11
Bibliography.....	23
