Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Principle 1
3.1 Test objectives 1
3.2 General conditions 1

4 Reference system 2

5 Variables 2

6 Measuring equipment 3

7 Test conditions 3

8 Tests 3
8.1 General 3
8.2 Brake temperature 3
8.3 Initial driving condition 4
8.4 Application of braking 4

9 Data evaluation and presentation of results 5
9.1 General 5
9.2 Time histories 5
9.3 Brake application 5
9.4 Reference variables and steady-state values 7
9.5 Characteristic values 7

Annex A (normative) Test report -- General data and test conditions 9

Annex B (normative) Test report -- Presentation of results 10
