ISO 6627:2011-08 (E)

Internal combustion engines - Piston rings - Expander/segment oil-control rings

Contents

Page

Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Symbols and abbreviated terms 1

4 Ring types and designations 3
4.1 Types of expander/segment oil-control rings 3
4.2 General features 4
4.3 Designation examples 5

5 Common features 5
5.1 Expander-spacer 5
5.2 Segment features 7
5.3 Expander/segment assembly 10

6 Dimensions 10

7 Materials 13
7.1 Expander-spacer 13
7.2 Segments 13

8 Tangential force and nominal contact pressure 13
8.1 Tangential force 13
8.2 Classes of nominal contact pressure 13
