ISO 3996:1995-02 (E)

Road vehicles - Brake hose assemblies for hydraulic braking systems used with non-petroleum-base brake fluid

Contents

Page

1 Scope 1

2 Normative references 1

3 Definitions 1

4 Construction 1
4.1 Hose 1
4.2 Hose assembly 2

5 Performance testing for acceptance 2

6 Tests 2
6.1 Test conditions 2
6.2 Hydrostatic pressure test 3
6.3 Constriction test 3
6.4 Expansion test 3
6.5 Burst strength test 6
6.6 Brake fluid compatibility 6
6.7 Whip test 8
6.8 Tensile strength test 8
6.9 Water absorption test 10
6.10 Cold bend test 10
6.11 Ozone resistance test under dynamic conditions 10
6.12 Hot impulse strength test 10
6.13 Salt spray test 11

7 Identification and marking 12
7.1 Brake hose 12
7.2 Brake hose assembly 13
