Foreword iv

Introduction v

1 Scope 1

2 Normative references 2

3 Termsanddefinitions 2

4 Abbreviations 4

5 Structure of the application layer core 6

6 Transfer kernel 7
6.1 General 7
6.2 Services 8

7 Initialisation kernel 21
7.1 General 21
7.2 Services 21
7.3 Behaviour 24

8 Broadcast kernel 27
8.1 General 27
8.2 Services 27
8.3 Behaviour 28

9 Extensibility for different lower layer services and application interfaces 29
9.1 General 29
9.2 Extended definitions 30

Annex A (normative) Data structures 34

Annex B (normative) Naming and registration 40

Annex C (informative) Example of coding 41

Annex D (normative) Declaration of application layer features supported 44

Annex E (informative) Lower layer services 45

Bibliography 49
