|--------------------|--|-------------|
| Foreword .....     |  | v           |
| Introduction ..... |  | vi          |
| 1                  | Scope .....                                | 1           |
| 2                  | Normative references .....                 | 1           |
| 3                  | Terms and definitions .....                | 2           |
| 4                  | Abbreviated terms .....                    | 2           |
| 5                  | Application specific constraints .....     | 3           |
| 5.1                | Application identification .....           | 3           |
| 5.2                | Version number signalling .....            | 3           |
| 5.3                | Ordered components .....                   | 3           |
| 5.4                | Extendibility .....                        | 4           |
| 5.5                | TPEG Service Component Frame .....         | 4           |
| 6                  | RMR structure .....                        | 4           |
| 6.1                | Message structure .....                    | 4           |
| 6.2                | Scenarios, features and requirements ..... | 6           |
| 6.2.1              | General .....                              | 6           |
| 6.2.2              | Broadcast scenario .....                   | 6           |
| 6.2.3              | P2P scenario .....                         | 6           |
| 7                  | RMR Message components .....               | 8           |
| 7.1                | RMRMessage .....                           | 8           |
| 7.2                | Route .....                                | 9           |
| 7.3                | RouteSegment .....                         | 10          |
| 7.4                | Parking .....                              | 11          |
| 7.5                | SegmentLocation .....                      | 11          |
| 7.6                | PointLocation .....                        | 12          |
| 7.7                | SegmentDetails .....                       | 12          |
| 7.8                | RoadTravelDetails .....                    | 12          |
| 7.9                | PTTravelDetails .....                      | 12          |
| 7.10               | PedestrianTravelDetails .....              | 13          |
| 7.11               | RMRRequestMessage .....                    | 13          |
| 7.12               | RMRReqParams .....                         | 13          |
| 7.13               | RMRListReqParams .....                     | 13          |
| 7.14               | RMRRouteReqParams .....                    | 14          |
| 7.15               | RMRActivateRouteReqParams .....            | 14          |
| 7.16               | TerminateRMRSession .....                  | 15          |
| 7.17               | RoutePreferences .....                     | 15          |
| 7.18               | MessageManagementContainerLink .....       | 15          |
| 7.19               | RMRLocRef .....                            | 15          |
| 7.20               | LocationReferencingContainerLink .....     | 16          |
| 7.21               | MMCLinkReq .....                           | 16          |

|     |   |           |
|-----|---|-----------|
| 8   | <b>RMR datatypes</b> .....  | <b>16</b> |
| 8.1 | <b>EnergyConsumption</b> .....  | <b>16</b> |
