

# ISO 26262-9:2018-12 (E)

## Road vehicles - Functional safety - Part 9: Automotive safety integrity level (ASIL)-oriented and safety-oriented analyses

---

| <b>Contents</b>    |   | <b>Page</b> |
|--------------------|---|-------------|
| Foreword .....     |   | v           |
| Introduction ..... |   | vii         |
| 1                  | Scope .....   | 1           |
| 2                  | Normative references .....                                      | 2           |
| 3                  | Terms and definitions .....                                     | 2           |
| 4                  | Requirements for compliance .....                               | 2           |
| 4.1                | Purpose .....   | 2           |
| 4.2                | General requirements .....                                      | 2           |
| 4.3                | Interpretations of tables .....                                 | 3           |
| 4.4                | ASIL-dependent requirements and recommendations .....           | 3           |
| 4.5                | Adaptation for motorcycles .....                                | 3           |
| 4.6                | Adaptation for trucks, buses, trailers and semi-trailers .....  | 4           |
| 5                  | Requirements decomposition with respect to ASIL tailoring ..... | 4           |
| 5.1                | Objectives .....  | 4           |
| 5.2                | General .....   | 4           |
| 5.3                | Inputs to this clause .....                                     | 5           |
| 5.3.1              | Prerequisites .....   | 5           |
| 5.3.2              | Further supporting information .....                            | 5           |
| 5.4                | Requirements and recommendations .....                          | 5           |
| 5.5                | Work products .....   | 9           |
| 6                  | Criteria for coexistence of elements .....                      | 9           |
| 6.1                | Objectives .....  | 9           |
| 6.2                | General .....   | 9           |
| 6.3                | Inputs to this clause .....                                     | 9           |
| 6.3.1              | Prerequisites .....   | 9           |
| 6.3.2              | Further supporting information .....                            | 10          |
| 6.4                | Requirements and recommendations .....                          | 10          |
| 6.5                | Work products .....   | 10          |
| 7                  | Analysis of dependent failures .....                            | 11          |
| 7.1                | Objectives .....  | 11          |
| 7.2                | General .....   | 11          |
| 7.3                | Inputs to this clause .....                                     | 12          |
| 7.3.1              | Prerequisites .....   | 12          |
| 7.3.2              | Further supporting information .....                            | 12          |
| 7.4                | Requirements and recommendations .....                          | 12          |
| 7.5                | Work products .....   | 14          |
| 8                  | Safety analyses .....   | 14          |
| 8.1                | Objectives .....  | 14          |
| 8.2                | General .....   | 15          |
| 8.3                | Inputs to this clause .....                                     | 16          |
| 8.3.1              | Prerequisites .....   | 16          |
| 8.3.2              | Further supporting information .....                            | 16          |

|                       |   |    |
|-----------------------|---|----|
| 8.4                   | Requirements and recommendations .....  | 16 |
| 8.5                   | Work products .....   | 18 |
| Annex A (informative) | Overview of and document flow of Automotive Safety Integrity Level (ASIL)-<br>oriented and safety-oriented analyses ..... | 19 |
| Annex B (informative) | Example architectures for Coexistence of elements and Decomposition of<br>requirements .....                              | 23 |
| Annex C (informative) | Framework for Identifying Dependent Failures .....  | 25 |
| Bibliography          | .....   | 29 |
