Intelligent transport systems - Vocabulary

Contents		Page
Foreword		v
Introduction		vi
1	Scope	1
2	Normative references	1
3	Terms and definitions	1
3.1	Core terms	1
3.1.1	Entity terms	1
3.1.2	General system terms	2
3.1.3	General architecture terms	3
3.1.4	Architecture view terms	4
3.1.5	Architecture -- Communication view terms	5
3.1.6	Architecture -- Enterprise view terms	6
3.1.7	Architecture -- Functional view terms	7
3.1.8	Architecture -- Physical view terms	8
3.1.9	Architecture type terms	9
3.1.10	Data concept management terms	10
3.1.11	Data concept type terms	10
3.1.12	System engineering terms	11
3.1.13	Time terms	12
3.2	Technology terms	12
3.2.1	Top-level physical object terms	12
3.2.2	Centre physical object terms	13
3.2.3	Field physical object terms	13
3.2.4	Personal physical object terms	14
3.2.5	Support physical object terms	15
3.2.6	Vehicle physical object terms	15
3.2.7	ITS station terms	16
3.2.8	ITS application terms	17
3.2.9	ITS-S application process terms	17
3.3	Infrastructure terms	18
3.3.1	Road reservation component terms	18
3.3.2	Physical traffic separator terms	22
3.3.3	Alternate mode infrastructure component terms	23
3.3.4	Infrastructure operating mode terms	23
3.3.5	Road network terms	24
3.3.6	Junction terms	25
3.4	Location terms	26
3.4.1	Location type terms	26
3.4.2	Location referencing terms	27
3.5	Service terms	28
3.5.1	Generic service terms	28
3.5.2	Transport service terms	28
3.5.3	ITS service terms	29
3.5.4	ITS-S service terms	30
3.5.5	ITS-S communication service terms	30
3.5.6	Transport-related sharing terms	30
3.5.7	Contractual model terms	31
3.5.8	Financial model terms	32

3.5.9	Operational model terms	33
3.5.10	Network model terms	34
3.5.11	Shared transport service terms	34
3.5.12	Shared vehicle terms	35
3.5.13	Transport service application terms	35
3.6	User terms	36
3.6.1	Traveller terms	36
3.6.2	Vehicle occupant terms	37
3.7	Vehicle terms	37
3.7.1	Vehicle component terms	37
3.7.2	Vehicle attribute terms	38
3.7.3	Vehicle automation terms	39
3.7.4	Vehicle connectivity terms	42
3.7.5	Vehicle speed terms	42
3.7.6	Vehicle types -- environment terms	44
Annex A (informative) Concept model diagrams		45
