Page

European foreword 4

Introduction 5

1 Scope 6

2 Normative references 6

3 Terms and definitions 8

4 Symbols and abbreviations 11

5 Conformance 13

6 General overview of pan European eCall session via Packet Switched networks 13
6.1 General principle 13
6.2 eCall over Packet Switched networks 14
6.3 eCall using IMS over Packet Switched networks 14
6.4 The hybrid situation 19

7 Requirements 20
7.1 General requirements 20
7.1.1 General 20
7.1.2 Enabled IVS 20
7.1.3 Enabled PSAP 20
7.1.4 eCall-only IVS 20
7.1.5 ECL: eCall using IMS support indicator 21
7.2 Procedures following power-up of the in-vehicle system 21
7.2.1 Self-test 21
7.2.2 Standby mode applicable to eCall-only IVS 21
7.3 Activation 22
7.3.1 Activation of eCall using IMS over packet switched networks 22
7.3.2 Activation of a test eCall 22
7.4 Call set-up 23
7.4.1 General 23
7.4.2 eCall in progress 23
7.4.3 Network selection and registration 23
7.4.4 Authentication of the subscriber 24
7.4.5 Establishment of an eCall using IMS over packet switched networks 24
7.4.6 Caller localization by the network 24
7.4.7 Manual termination of eCall by vehicle occupants before trigger confirmation 24
7.4.8 Call rejection 25
7.4.9 Call failure 25
7.4.10 Security 25
7.5 MSD transfer for eCall using IMS over packet switched networks 25
7.6 Application layer acknowledgement (AL-ACK) 26
7.6.1 General 26
7.6.2 Successful receipt by the PSAP of the initial MSD 27
7.6.3 Unsuccessful receipt by the PSAP of initial MSD 27
7.6.4 No receipt of MSD acknowledgement 27
7.6.5 Other forms of acknowledgement 28

7.7 PSAP requests a new/updated MSD 28
7.7.1 General 28
7.7.2 Before session clear-down 28
7.7.3 After session clear-down 29
7.8 MSD transfer using in-band modem (optional) 29
7.9 Audio link to vehicle occupants 29
7.10 eCall clear-down 29
7.11 PSAP call-back 30
7.12 Rerouting to another PSAP/emergency control centre 31
7.13 Handling non equipped situations / error cases 31
7.13.1 Network related issues 31
7.13.2 MSD related issues 31
7.13.3 PSAP network/ICT failure 32
7.13.4 Call related issues 32

8 Third party services supported eCall (TPS-eCall) 33

9 Defences against attack (Security provisions) 34

10 Quality of service requirements 34

11 Test and conformance requirements 34

12 Marking, labelling and packaging 34

13 Declaration of patents and intellectual property 34

Annex A (normative) Table of timings 35
