Introduction v

1 Scope 1

2 Normative references 1

3 Termsanddefinitions 1

4 Symbols and abbreviated terms 2

5 Frameworkandclassificationsofdiscretetollingsystems 3
5.1 General -- Dimensions of the problem 3
5.2 General to processes and functional variables 3

6 Variables in image-based tolling systems 10
6.1 General 10
6.2 Detection rate 11
6.2.1 Definition 11
6.2.2 Detection of false positives rate 11
6.2.3 Detection of false negatives rate 12
6.3 Identification rate 12
6.3.1 Definition 12
6.3.2 ANPR result verification 14
6.4 Classification rate 14
6.5 Association of identified licence plates with registered vehicles 16
6.6 Verification system added value and verification error 16

7 Testing and performance evaluation 17
7.1 Generalities 17
7.2 Suitability of characteristic variables 17
