## Intelligent transport systems - Telematics applications for regulated commercial freight vehicles (TARV) using ITS stations - Part 2: Specification of the secure vehicle interface

## Contents

Page

Foreword ..... iv

Introduction ..... v

1 Scope ..... 1

2 Normative references ..... 1

3 Terms and definitions ..... 1

4 Abbreviated terms ..... 2

5 Secure vehicle interface requirements where an SCMS for ITS data management and access already exists ..... 2
5.1 Suitability for use ..... 2
5.2 Architecture and framework ..... 2
5.3 Application service ..... 2

6 Secure vehicle interface requirements where an SCMS for ITS data management and access does not already exist ..... 2
6.1 Establishment and operation of an SCMS for the required application service ..... 2
6.2 Architecture and framework ..... 3
6.3 Communications media supported ..... 3
6.4 Application service ..... 3

Bibliography ..... 4
