ISO/TR 19482:2026-02 (E)

Intelligent transport systems - Smart streetlighting management platform for road traffic safety enhancement - Overview and use cases

Contents

Page

Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Terms and definitions 1

4 Abbreviated terms 2

5 General Information 2
5.1 Overview of the smart streetlighting management platform (SSMP) 2
5.2 Priority service coverage areas 3
5.3 Warning information provision method 4

6 System component 5
6.1 Overall 5
6.2 Smart streetlighting 6

7 Use case definition 8
7.1 Overview 8
7.2 UC cluster 1: Crosswalk safety warning 10
7.2.1 UC 1.1: Jaywalking pedestrian 10
7.2.2 UC 1.2: Insufficient pedestrian green phasing 11
7.3 UC cluster 2: Crossroad safety warning 12
7.3.1 UC 2.1: Stop line violation 12
7.3.2 UC 2.2: Unprotected left-turn waiting vehicle 13
7.3.3 UC 2.3: Right-turn traffic accident 14
7.3.4 UC 2.4 Parking violation 15
7.4 UC cluster 3: Child protection zone safety warning 16
7.4.1 UC 3.1: Pedestrian group 16
7.4.2 UC 3.2: Speed violation 17
7.5 UC cluster 4: Tunnel and bridge safety warning 18
7.5.1 UC 4.1: Speed violation 18
7.5.2 UC 4.2: Slow-moving vehicle 19
7.5.3 UC 4.3: Parking violation 20
7.5.4 UC 4.4: Front danger 21
7.5.5 UC 4.5: Pedestrian 22

Annex A (informative) Data comparison 24
