Intelligent transport systems - Smart streetlighting management platform for road traffic safety enhancement - Overview and use cases

Contents		Page
Foreword		iv
Introduction		v
1	Scope	1
2	Normative references	1
3	Terms and definitions	1
4	Abbreviated terms	2
5	General Information	2
5.1	Overview of the smart streetlighting management platform (SSMP)	2
5.2	Priority service coverage areas	3
5.3	Warning information provision method	4
6	System component	5
6.1	Overall	5
6.2	Smart streetlighting	6
7	Use case definition	8
7.1	Overview	8
7.2	UC cluster 1: Crosswalk safety warning	10
7.2.1	UC 1.1: Jaywalking pedestrian	10
7.2.2	UC 1.2: Insufficient pedestrian green phasing	11
7.3	UC cluster 2: Crossroad safety warning	12
7.3.1	UC 2.1: Stop line violation	12
7.3.2	UC 2.2: Unprotected left-turn waiting vehicle	13
7.3.3	UC 2.3: Right-turn traffic accident	14
7.3.4	UC 2.4 Parking violation	15
7.4	UC cluster 3: Child protection zone safety warning	16
7.4.1	UC 3.1: Pedestrian group	16
7.4.2	UC 3.2: Speed violation	17
7.5	UC cluster 4: Tunnel and bridge safety warning	18
7.5.1	UC 4.1: Speed violation	18
7.5.2	UC 4.2: Slow-moving vehicle	19
7.5.3	UC 4.3: Parking violation	20
7.5.4	UC 4.4: Front danger	21
7.5.5	UC 4.5: Pedestrian	22
Annex A (informative)	Data comparison	24
