Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Overview 1

4 Ring types and designation examples 1
4.1 Type HK -- Straight faced half keystone ring 7° 1
4.2 Type HKB -- Barrel faced half keystone ring 7° 2

5 Common features 4
5.1 Type HK and HKB -- Half keystone ring 4
5.2 Type HK and HKB rings -- Outside and inside rounded edges 5
5.3 Type HK and HKB rings (fully faced and inlaid) -- Plating/coating thickness 6
5.4 Type HK and HKB rings -- Nitrided case depth 7

6 Force factors 8

7 Dimensions 8
