DIN 55672-2:2008-06 (E)

Gel permeation chromatography (GPC) - Part 2: N,N-Dimethylacetamide (DMAC) as eluent

Contents

Page

Foreword 3

1 Scope 4

2 Normative references 4

3 Terms and definitions 4

4 Principle 5

5 Apparatus 5

6 Reagent (eluent) 8

7 Calibration of the apparatus 8

8 Sampling 10

9 Preparation for the test 10

10 Analytical parameters 11

11 Data acquisition and evaluation 12

12 Precision 15

13 Test report 16

Annex A (normative) Conversion of experimental parameters for variant column sizes 20

Annex B (informative) Example of a data sheet for a polymer standard 22

Annex C (normative) Explanatory notes 23
