DIN EN ISO 19111:2007-10 (E)

Geographic information - Spatial referencing by coordinates (ISO 19111:2007); English version EN ISO 19111:2007

Contents

Page

Foreword ... **3**

Endorsement notice ... **3**

Introduction ... **4**

1 Scope ... **5**

2 Conformance requirements ... **5**

3 Normative references ... **5**

4 Terms and definitions ... **6**

5 Conventions ... **11**

6 Spatial referencing by coordinates — Overview ... **13**

7 Identified Object package ... **16**

8 Coordinate Reference System package ... **19**

9 Coordinate System package ... **27**

10 Datum package ... **37**

11 Coordinate Operation package ... **43**

Anhang A (normative) **Abstract test suite** ... **52**

Anhang B (informative) **Context for modelling of spatial referencing by coordinates** ... **54**

Anhang C (informative) **Spatial referencing by coordinates – Geodetic concepts** ... **63**

Anhang D (informative) **Examples** ... **66**

Anhang E (informative) **Recommended best practice for interfacing to ISO 19111** ... **79**

Bibliography ... **80**
