DIN EN 15283-2:2008-05 (E)

Gypsum boards with fibrous reinforcement - Definitions, requirements and test methods - Part 2: Gypsum fibre boards

Contents

Page

Foreword 4

Introduction 7

1 Scope 8

2 Normative references 8

3 Terms and definitions 9

4 Requirements 11
4.1 Mechanical characteristics 11
4.2 Fire behaviour 11
4.3 Acoustic properties 12
4.4 Water vapour permeability / water vapour resistance (expressed as water vapour resistance factor) question for the mandate 12
4.5 Thermal resistance (expressed as thermal conductivity) 12
4.6 Dangerous substances 12
4.7 Dimensions and tolerances 12
4.8 Additional requirements for gypsum fibre boards with reduced surface water absorption types GF-W1 and GF-W2 13
4.9 Additional requirements for gypsum fibre boards with reduced water absorption rate 13
4.10 Additional requirements for gypsum fibre boards with enhanced density type GF-D 13
4.11 Additional requirements for gypsum fibre boards with enhanced surface hardness type GF-I 13
4.12 Impact resistance 13

5 Test methods 13
5.1 Sampling 13
5.2 Determination of width 14
5.3 Determination of length 14
5.4 Determination of thickness 15
5.5 Determination of squareness 16
5.6 Determination of flexural strength (bending strength) 18
5.7 Determination of deflection under load 20
5.8 Determination of surface water absorption 21
5.9 Determination of total water absorption 22
5.10 Determination of density 22
5.11 Determination of surface hardness of the board 23
5.12 Determination of shear strength (strength of board/substructure connection) 25

6 Evaluation of conformity 27
6.1 General 27
6.2 Initial type testing 27
6.3 Factory production control 27

7 Designation of gypsum fibre boards 28

8 Marking, labelling and packaging 29

Annex A (informative) Sampling procedure for testing 30

A.1 General 30
A.2 Sampling procedure 30

Annex B (normative) Mounting and fixing for testing according to EN 13823 (SBI) 31

Annex ZA (informative) Clauses of this European Standard addressing the provisions of EU Construction Products Directive 33

ZA.1 Scope and relevant characteristics 33

ZA.2 Procedure of attestation of conformity of gypsum fibre boards 34

ZA.3 CE marking and labelling 37
