

# DIN EN 1504-9:2008-11 (E)

## Products and systems for the protection and repair of concrete structures - Definitions, requirements, quality control and evaluation of conformity - Part 9: General principles for the use of products and systems

---

<b>Contents</b>		<b>Page</b>
Foreword .....		3
Introduction .....		4
1	Scope .....	5
2	Normative references .....	6
3	Terms and definitions .....	6
4	Minimum requirements before protection and repair .....	7
4.1	General .....	7
4.2	Health and Safety .....	7
4.3	Assessment of defects and their causes .....	7
5	Protection and repair within a structure management strategy .....	9
5.1	General .....	9
5.2	Options .....	9
5.3	Factors .....	9
5.4	Choice of appropriate strategy .....	10
6	Basis for the choice of protection and repair principles and methods .....	10
6.1	General .....	10
6.2	Principles and methods of protection and repair .....	10
7	Properties of products and systems required for compliance with the principles of protection and repair .....	13
7.1	General .....	13
7.2	Methods which do not make use of specific products and systems .....	13
8	Maintenance following completion of protection and repair .....	13
9	Health, safety and the environment .....	13
10	Competence of personnel .....	13
Annex A (informative) Guidance and background information .....		15
Introduction .....		15
A.1	Scope .....	15
A.2	Normative reference .....	16
A.3	Terms and definitions .....	16
A.4	Minimum requirements before protection and repair .....	16
A.5	Protection and repair within a structure management strategy .....	20
A.6	Basis for the choice of protection and repair principles and methods .....	22
A.7	Properties of products and systems required for compliance with the principles of protection and repair .....	27
A.8	Maintenance following completion of protection and repair .....	28

<b>A.9</b>	<b>Health, safety and environment .....</b>	<b>28</b>
<b>A.10</b>	<b>Competence of personnel .....</b>	<b>28</b>
