DIN 4301:2009-06 (E)

Ferrous and non-ferrous slag for civil engineering

Contents

Page

Foreword 3

1 Scope 4

2 Normative references 4

3 Terms and definitions 7

4 Classification of slag types and their designations 10

5 Requirements 10
5.1 General 10
5.2 Volume stability 11
5.3 Purity 11
5.4 Aggregate size 12
5.5 Ground and water protection 12
5.6 Special characteristic values and tests 12

6 Quality assurance 13

7 Marking and delivery note 13
