

DIN EN 13036-1:2010-10 (E)

Road and airfield surface characteristics - Test methods - Part 1: Measurement of pavement surface macrotexture depth using a volumetric patch technique

Contents		Page
Foreword		3
Introduction		4
1 Scope		5
2 Normative references		5
3 Test method		5
4 Material and apparatus		5
5 Procedure		7
5.1 Test surface		7
5.2 Material sample		7
5.3 Determination		7
5.4 Number of test measurements		8
6 Calculation of surface mean texture depth		8
7 Safety considerations		8
8 Test report		8
9 Precision of the method		9
Annex A (informative)		10
Bibliography		11
