

DIN EN 13036-1:2010-10 (E)

Road and airfield surface characteristics - Test methods - Part 1: Measurement of pavement surface macrotexture depth using a volumetric patch technique

Contents		Page
Foreword		3
Introduction		4
1	Scope	5
2	Normative references	5
3	Test method	5
4	Material and apparatus	5
5	Procedure	7
5.1	Test surface	7
5.2	Material sample	7
5.3	Determination	7
5.4	Number of test measurements	8
6	Calculation of surface mean texture depth	8
7	Safety considerations	8
8	Test report	8
9	Precision of the method	9
Annex A (informative)		10
