

ISO 9705:1993-06 (E)

Fire tests; full-scale room test for surface products

Contents	Page
1 Scope	1
2 Normative reference	1
3 Definitions	1
4 Principle	2
5 Fire test room	2
6 Ignition source	3
7 Heat flux instrumentation in the fire room	4
8 Hood and exhaust duct	4
9 Instrumentation in the exhaust duct	4
10 System performance	5
11 Preparation of test specimens	6
12 Testing	7
13 Test report	7
Annexes	
A Recommended ignition sources	9
B Alternative ignition sources	12
C Instrumentation of test room	13
D Design of exhaust system	17
E Instrumentation in exhaust duct	20
F Calculation	26
G Specimen configurations	30
H Bibliography	31
