| Foreword.....                                  | 3  |
| 1 Scope .....                                  | 6  |
| 2 Normative references .....                   | 6  |
| 3 Principle.....                               | 6  |
| 4 Vertical permeability.....                   | 6  |
| 4.1 General.....                               | 6  |
| 4.2 Apparatus for vertical permeability .....  | 6  |
| 4.3 Procedure .....                            | 7  |
| 4.4 Calculation.....                           | 8  |
| 5 Horizontal permeability .....                | 9  |
| 5.1 General.....                               | 9  |
| 5.2 Apparatus for horizontal permeability..... | 9  |
| 5.3 Procedure .....                            | 10 |
| 5.4 Calculation.....                           | 11 |
| 6 Test report .....                            | 12 |
| 6.1 General.....                               | 12 |
| 6.2 Information on specimen .....              | 12 |
| 6.3 Information on the test and results.....   | 12 |
| 7 Precision.....                               | 12 |
