

DIN EN ISO 19111-2:2012-06 (E)

Geographic information - Spatial referencing by coordinates - Part 2: Extension for parametric values (ISO 19111-2:2009); English version EN ISO 19111-2:2012

Inhalt	Seite
Foreword	3
Introduction.....	4
1 Scope	5
2 Conformance requirements	5
3 Normative references	5
4 Terms and definitions	5
5 Conventions	6
5.1 Abbreviated terms	6
5.2 UML notation.....	6
5.3 Attribute status	6
6 Spatio-parametric referencing	7
6.1 Overview.....	7
6.2 Parametric coordinate reference system.....	7
6.3 Parametric coordinate system	8
6.4 Parametric datum	10
6.5 Spatio-parametric coordinate reference system.....	11
6.6 Spatio-parametric coordinate reference system with time	12
6.7 Transformation and conversion of parametric coordinate reference systems	12
Annex A (normative) Conformance	13
Annex B (informative) Examples	15
Bibliography.....	20
