	Page
Foreword	3
1 Scope	4
2 Normative references	4
3 Terms, definitions, symbols and abbreviations	4
3.1 Terms and definitions	4
3.2 Symbols and abbreviations	6
4 Requirements	6
4.1 General	6
4.2 Suitability of the building equipment or industrial installation for the installation of the product	6
5 In-situ measurements and calculations	6
5.1 Declared installed insulation thickness	6
5.2 Declared installed thermal resistance, RD	6
5.3 Foam quality checks carried out by the installer	7
6 Guidelines for installation	7
7 Installer's declaration	7
Annex A (normative) Method for the determination of the declared installed insulation thickness	8
Annex B (normative) Suitability of the building equipment or industrial installation to receive the insulation product	9
B.1 Building equipment or industrial installation	9
B.2 Site survey	9
Annex C (normative) Installation guidelines	10
C.1 General	10
C.2 Suitability of cavity	10
C.3 Dispensing machine preparation	10
C.3.1 General	10
C.3.2 Mixing ratio	10
C.4 Dispensing procedure	10
