Foreword 4

1 Scope 6

2 Normative references 6

3 Terms, definitions, symbols, units and abbreviated terms 8

4 Requirements 11

5 Test methods 20

6 Designation code 24

7 Evaluation of Conformity 25

8 Marking and labelling 26

Annex A (normative) Factory production control 27

Annex B (normative) Product classification 34

Annex C (normative) Determination of minimum service temperature 35

Annex D (informative) Additional properties 39

Annex ZA (informative) Clauses of this European Standard addressing the provisions of the EU Construction Products Directive 42

Bibliography 50

Figures Figure A.1 -- Relationship between compressive stress at 10 % deformation and apparent density for indirect testing; 1 - = 90; n = 495 31

Figure A.2 -- Relationship between declared thermal conductivity (at 50 mm reference thickness and 10 °C mean temperature) and apparent density for indirect testing; 1 - = 90; n = 3 873 32

Figure ZA.1 -- Example of CE marking information 49

Tables Table 1 -- Dimensional tolerances 12

Table 2 -- Classes of dimensional stability under normal laboratory conditions 13

Table 3 -- Levels of dimensional stability under specified temperature and humidity conditions 15

Table 4 -- Levels for compressive stress at 10 % deformation 15

Table 5 -- Levels for tensile strength perpendicular to faces 16

Table 6 -- Levels of bending strength 16

Table 7 -- Levels for long time water absorption by total immersion 17

Table 8 -- Levels for long time water absorption by diffusion 18

Table 9 -- Levels for dynamic stiffness 19

Table 10 -- Classes for thickness tolerances 19

Table 11 -- Levels for compressibility 20

Table 12 -- Test methods, test specimens, conditions 22

Table A.1 -- Minimum product testing frequencies 27

Table A.2 -- Minimum product testing frequencies for the reaction to fire characteristics 29

Table A.3 -- Thickness effect parameter, L, for the determination of the declared thermal conductivity, D 33

Table B.1 -- Classification of EPS products 34

Table B.2 -- Classification of load bearing EPS products with acoustical properties 34

Table D.1 -- Correlation between bending strength and shear strength 39

Table D.2 -- Tabulated values of water vapour diffusion resistance index and water vapour permeability 40

Table D.3 -- Test methods 41

Table ZA.1 -- Relevant clauses 43

Table ZA.2 -- System(s) of attestation of conformity 44

Table ZA.3 -- Assignment of evaluation of conformity tasks for products under system 1 45

Table ZA.4 -- Assignment of evaluation of conformity tasks for products under system 3 or system 3 combined with system 4 for reaction to fire 46
