

# DIN CEN/TR 16639:2014-06 (E)

Use of  $k$ -value concept, equivalent concrete performance concept and equivalent performance of combinations concept; English version CEN/TR 16639:2014

---

Contents	Page
Foreword.....	3
0 Introduction .....	4
0.1 General.....	4
0.2 Task Group 5.....	4
0.3 $k$ -value concept.....	4
0.4 ECPC and EPCC.....	4
1 Scope .....	5
2 $k$ -value concept.....	6
2.1 $k$ -values in EN 206:2013 .....	6
2.2 Use of $k$ -values in the member states .....	6
2.3 Procedure for using the $k$ -value concept .....	7
2.3.1 Principle of the $k$ -value concept.....	7
2.3.2 Method of calculation .....	8
2.3.3 Example for determination of $k$ .....	10
2.3.4 Further recommendations for the application of the $k$ -value.....	12
2.3.5 Example for establishing a general concept using the $k$ -value concept .....	12
2.4 Application of $k$ -value concept by the users .....	14
2.4.1 General.....	14
2.4.2 Example for concrete mix design applying the $k$ -value concept.....	14
3 Equivalent concrete performance concept (ECPC) .....	15
3.1 General.....	15
3.2 Dutch Method .....	15
3.2.1 Definitions .....	15
3.2.2 Procedure and criteria for assessment of durability aspects .....	17
3.2.3 Test methods.....	22
3.2.4 Quality assurance .....	23
3.3 Recommendations for the application of ECPC .....	24
3.4 Additional information to the use of the Dutch method .....	25
4 Equivalent performance of combinations concept .....	26
4.1 General.....	26
4.2 UK method.....	27
4.3 Irish method .....	28
4.4 Portuguese method .....	29
4.5 Recommendation for application of EPCC .....	30
4.6 Additional information the UK method.....	30
4.6.1 Annexes from BS 8500-2 relating to conformity control of combinations .....	30
4.6.2 How this works when specifying concrete to BS 8500.....	35
4.7 Additional information to the Irish method.....	39
4.8 Additional information to the Portuguese method.....	41
Annex A (informative) Replies to the $k$ -value questionnaire of CEN/TC 104/SC 1/TG 5.....	47
A.1 General questionnaire .....	47
A.2 Addition to answer of Finland .....	57
Bibliography .....	60
