DIN 52123:2014-06 (E)

Testing of bitumen and polymer bitumen sheets

Contents

Page

Foreword 3

1 Scope 4

2 Normative references 4

3 Designation 4

4 Determination of the content of soluble matter 4

5 Testing of the base 5

6 Determination of the granulometric composition of the mineral surfacing 5

7 Determination of mineral fillers in the covering 6

8 Test report 6

Annex A (normative) Alternative method of determining the content of soluble matter 7
