Maintenance and repair of concrete structures - Part 1: General principles

Contents

Page

Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Termsanddefinitions 1

4 Basis of maintenance and repair 4
4.1 General 4
4.2 Procedure of maintenance and repair 5
4.3 Competence of personnel 5

5 Maintenance plan 5
5.1 General 5
5.2 Timing of maintenance planning for structure 6
5.3 Selection of maintenance category 6
5.4 Final determination of maintenance plan 6

6 Assessment 6
6.1 General 6
6.2 Assessment plan 7
6.3 Investigation 8
6.4 Registration of condition 8
6.5 Evaluation and judgment 8

7 Repair including prevention 9
7.1 General 9
7.2 Planning and design 9
7.3 Execution 12

8 Recording 13
8.1 General 13
8.2 Period of preservation 14
8.3 Method of recording 14

Annex A (informative) Extended hierarchy of "Standards for maintenance and repair of concrete structures" with national legislation and other related International Standards 15

Annex B (informative) Hierarchy of terms 16

Annex C (informative) Category of maintenance 17
