

DIN EN 16737:2016-09 (E)

Structural timber - Visual strength grading of tropical hardwood

Contents		Page
European foreword		3
1	Scope	4
2	Normative references	4
3	Terms and definitions	4
4	Strength graded timber	6
4.1	Supervision of strength grading operations	6
4.2	Sizes	6
4.3	Processing of visually graded timber	6
4.4	Moisture content	6
5	Measurement of strength-reducing characteristics	7
5.1	Knots	7
5.1.1	General	7
5.1.2	Knot size: requisite comparisons	7
5.1.3	Pin knots	10
5.2	Slope of grain	10
5.3	Density	11
5.4	Fissures	11
5.5	Wane	11
5.6	Distortion	11
5.6.1	Bow and spring	11
5.6.2	Twist	11
5.7	Biological characteristics	11
5.7.1	Fungal biodegradation	11
5.7.2	Insect attack	12
5.7.3	Marine borers	12
5.8	Other defects and characteristics	12
6	Limiting values of characteristics for STH grade	13
7	Marking	13
Annex A (informative) Tropical hardwood species and their densities		14
