DIN EN 16977:2021-01 (E)

Thermal insulation products for buildings - Factory made calcium silicate (CS) products - Specification

Contents

Page

European foreword 3

1 Scope 4

2 Normative references 4

3 Terms, definitions, symbols, units and abbreviated terms 5
3.1 Terms and definitions 5
3.2 Symbols, units and abbreviated terms 7

4 Characteristics 8
4.1 Reaction to fire 8
4.2 Release of VOCs 9
4.3 Rate of release of corrosive substances 9
4.4 Compressive strength 9
4.5 Bending strength 9
4.6 Thermal resistance 9
4.7 Dimensional stability under specified temperature and humidity conditions 10
4.8 Water absorption 10
4.9 Water vapour transmission 10

5 Assessment methods 10
5.1 General 10
5.2 Test methods 12

6 Assessment and verification of constancy of performance - AVCP 15
6.1 General 15
6.2 Assessment of performance 16
6.3 Verification of constancy of performance 17

Annex A (normative) Determination of the declared values of thermal resistance and thermal conductivity 20

Annex B (normative) Factory Production Control (FPC) 22

Annex C (normative) CS multi-layered insulation products 26

Annex D (normative) Determination of the thermal conductivity in relation to moisture content 27

Annex ZA (informative) Relationship of this European Standard with Regulation (EU) No.305/2011 29
