DIN EN 1096-4:2018-11 (E)

Glass in building - Coated glass - Part 4: Product standard

Contents

Page

European foreword 3

1 Scope 4

2 Normative references 4

3 Terms, definitions and symbols 5
3.1 Terms and definitions 5
3.2 Symbols 6

4 Product description and characteristics 7
4.1 Product description 7
4.2 Determination of the characteristic's performances 7
4.2.1 Characteristic of coated glass 7
4.2.2 Determination of characteristics of coated glass 8
4.3 Characteristics other than listed in 4.2 11

5 Assessment and verification of constancy of performance - AVCP 11
5.1 General 11
5.2 Determination of the product type (see 5.1, 1) 12
5.2.1 General 12
5.2.2 Type testing of characteristic's performances 13
5.2.3 Test reports 13
5.2.4 Multiple lines/sites 13
5.3 Factory Production control (FPC) 13
5.3.1 General 13
5.3.2 Inspection of samples in accordance with a prescribed test plan (see 5.1, 2a) 13
5.4 Initial inspection of factory and of factory production control (see 5.1, 2b) 14
5.5 Continuous surveillance and assessment of the factory production control (5.1, 2c) 15
5.6 Procedure for modifications 16
5.7 Pre-production products (e.g. prototypes) 16

6 Marking and/or labelling 16
6.1 General 16
6.2 Product marking 16

Annex A (normative) Factory production control 17

Annex B (informative) Tests for factory production control 25

Annex C (normative) Type testing, sampling and measurement of spectrophotometric and energy characteristics 27

Annex D (informative) Provisions for voluntary involvement of third party(ies) 29

Annex ZA (informative) Relationship of this European Standard with Regulation (EU) No.305/2011 30
