

DIN EN 1096-4:2018-11 (E)

Glass in building - Coated glass - Part 4: Product standard

Contents		Page
European foreword		3
1	Scope	4
2	Normative references	4
3	Terms, definitions and symbols	5
3.1	Terms and definitions	5
3.2	Symbols	6
4	Product description and characteristics	7
4.1	Product description	7
4.2	Determination of the characteristic's performances	7
4.2.1	Characteristic of coated glass	7
4.2.2	Determination of characteristics of coated glass	8
4.3	Characteristics other than listed in 4.2	11
5	Assessment and verification of constancy of performance - AVCP	11
5.1	General	11
5.2	Determination of the product type (see 5.1, 1)	12
5.2.1	General	12
5.2.2	Type testing of characteristic's performances	13
5.2.3	Test reports	13
5.2.4	Multiple lines/sites	13
5.3	Factory Production control (FPC)	13
5.3.1	General	13
5.3.2	Inspection of samples in accordance with a prescribed test plan (see 5.1, 2a)	13
5.4	Initial inspection of factory and of factory production control (see 5.1, 2b)	14
5.5	Continuous surveillance and assessment of the factory production control (5.1, 2c)	15
5.6	Procedure for modifications	16
5.7	Pre-production products (e.g. prototypes)	16
6	Marking and/or labelling	16
6.1	General	16
6.2	Product marking	16
Annex A (normative) Factory production control		17
Annex B (informative) Tests for factory production control		25
Annex C (normative) Type testing, sampling and measurement of spectrophotometric and energy characteristics		27
Annex D (informative) Provisions for voluntary involvement of third party(ies)		29
Annex ZA (informative) Relationship of this European Standard with Regulation (EU) No.305/2011 ..		30
