Foreword ... 3

1 Scope ... 4

2 Normative references ... 4

3 Terms and definitions ... 4

4 Apparatus ... 5
4.1 Moulds ... 5
4.2 Tamper ... 6
4.3 Compression testing machine ... 6
4.4 Device for measuring deformation ... 6

5 Test specimens ... 6

6 Preparation and storage of test specimens ... 7
6.1 Sampling, sample quantity and test mortar ... 7
6.2 Preparation of test specimens ... 7
6.3 Storage of test specimens ... 7

7 Preparation of test specimens for testing ... 7

8 Procedure ... 8

9 Evaluation ... 8

10 Test report ... 9
10.1 General ... 9
10.2 Information to be provided by the mortar manufacturer or inspector taking samples ... 9
10.3 Information regarding the preparation of test specimens ... 9
10.4 Information to be provided by the testing centre ... 10
