DIN 18202:2019-07 (E)

Tolerances in building construction - Buildings

Contents

Page

Foreword ... 3

Introduction ... 4

1 Scope ... 5

2 Normative references ... 5

3 Terms and definitions ... 5

4 General principles ... 8

5 Tolerances ... 10
5.1 General ... 10
5.2 Linear deviations ... 10
5.3 Permitted angular deviations ... 11
5.4 Permitted flatness deviations ... 11
5.5 Alignment deviations for columns ... 14
5.6 Joints ... 14

6 Compliance control ... 14
6.1 General ... 14
6.2 General principles of compliance control ... 14
6.3 Measuring points ... 15
6.4 Checking the shape ... 16
6.4.1 Measuring points for dimensions ... 16
6.4.2 Measuring points for clear dimensions ... 17
6.4.3 Measuring points for opening dimensions ... 18
6.4.4 Measuring points for angles ... 18
6.4.5 Measuring points for flatness ... 19
6.5 Checking the position ... 20
6.5.1 Measuring points for dimensions ... 20
6.5.2 Measuring points for angles ... 21
6.5.3 Measuring points for the alignment of columns ... 22

Annex A (informative) **Explanatory notes** ... 23
A.1 Actual deviations from structural sizes; an explanation of the survey reference system ... 23
A.2 Measuring points; an explanation of the position of measuring points ... 24

Bibliography ... 25
