ISO 29767:2019 (E)

Thermal insulating products for building applications — Determination of short-term water absorption by partial immersion

Contents

Foreword

1 Scope

2 Normative references

3 Terms and definitions

4 Principle

5 Apparatus

6 Test specimens

6.1 Dimensions of test specimens
6.2 Number of test specimens
6.3 Preparation of test specimens
6.4 Conditioning of test specimens

7 Procedure

7.1 Test conditions
7.2 Test procedure
7.2.1 Method A (drainage)
7.2.2 Method B (deduction of initial water uptake)

8 Calculation and expression of results

9 Accuracy of measurement

10 Test report

Page count: 7
