

DIN EN 12101-6:2022-11 (E)

Smoke and heat control systems - Part 6 : Specification for pressure differential systems - Kits

| Contents | | Page |
|--|---|-------------|
| European foreword | | 3 |
| Introduction | | 4 |
| 1 | Scope | 5 |
| 2 | Normative references | 5 |
| 3 | Terms, definitions, symbols and abbreviated terms | 5 |
| 4 | Characteristics | 8 |
| 4.1 | General | 8 |
| 4.2 | Nominal activation conditions/sensitivity | 9 |
| 4.3 | Response delay (response time) | 10 |
| 4.4 | Operational reliability | 11 |
| 4.5 | Effectiveness of smoke/hot gas extraction (air release/powered air release) | 12 |
| 4.6 | Performance parameters under fire conditions | 13 |
| 4.7 | Pressurization performance | 13 |
| 4.8 | Fire resistance - Integrity (E) | 14 |
| 4.9 | Fire resistance - Insulation (I) | 15 |
| 4.10 | Fire resistance - Smoke leakage (S) | 16 |
| 4.11 | Fire resistance - Mechanical stability | 17 |
| 4.12 | Fire resistance - Maintenance of cross section | 17 |
| 4.13 | Durability | 18 |
| 5 | Test methods | 19 |
| 5.1 | General | 19 |
| 5.2 | Nominal activation conditions/sensitivity | 20 |
| 5.3 | Response delay (response time) | 21 |
| 5.4 | Operational reliability | 22 |
| 5.5 | Effectiveness of smoke/hot gas extraction | 32 |
| 5.6 | Performance parameters under fire conditions | 33 |
| 5.7 | Pressurization performance | 33 |
| 5.8 | Fire resistance - Integrity (E) | 34 |
| 5.9 | Fire resistance - Insulation (I) | 35 |
| 5.10 | Fire resistance - Smoke leakage (S) | 35 |
| 5.11 | Fire resistance - Mechanical stability | 36 |
| 5.12 | Fire resistance - Maintenance of cross section | 37 |
| 5.13 | Durability | 37 |
| 6 | Verification of performance | 38 |
| 6.1 | Type testing | 38 |
| 6.2 | Factory production control (FPC) | 40 |
| 7 | Marking, labelling and packaging | 44 |
| Annex A (normative) Pressure differential kit types (pressurization) | | 45 |
| Annex B (normative) Test method for hot gas control damper at elevated temperature | | 58 |

| | |
|--|-----------|
| Annex C (normative) Test method for powered smoke and heat exhaust ventilators with frequency inverter and operated with variable speed at elevated temperature | 62 |
| Annex D (normative) Installation and maintenance document | 64 |
| Bibliography | 65 |
