DIN 18196:2023-02 (E)

Earthworks and foundations - Soil classification for civil engineering purposes

Contents

Page

Foreword ... 3
1 Scope ... 4
2 Normative references ... 4
3 Terms and definitions ... 4
4 Soil classification for civil engineering purposes ... 5
4.1 Principles of soil classification ... 5
4.2 Classification characteristics ... 5
4.2.1 General ... 5
4.2.2 Particle size ranges ... 5
4.2.3 Particle size distribution (grading) ... 5
4.2.4 Plasticity ... 6
4.2.5 Organic constituents ... 7
4.2.6 Anthropogenic soils ... 8
4.3 Classification of soils into soil groups for civil engineering purposes ... 8
Annex A (informative) **Examples of engineering properties of soil groups and their suitability for civil engineering purposes** ... 13
Bibliography ... 18
