# DIN 18946:2024-03 (E)

## Earth masonry mortar - Requirements, test and labelling

## Contents

Page

Foreword ..... 4

1 Scope ..... 5

2 Normative references ..... 5

3 Terms and definitions ..... 6

4 Constituents and production ..... 6

5 Requirements ..... 7
5.1 General ..... 7
5.2 Properties on delivery ..... 8
5.2.1 Form of supply ..... 8
5.2.2 Storage conditions and periods ..... 8
5.2.3 Content of harmful salts ..... 8
5.2.4 Oversize ..... 8
5.2.5 Provisions for preparation on the construction site ..... 9
5.3 Properties of the fresh masonry mortar ..... 9
5.4 Properties of the hardened mortar ..... 9
5.4.1 General ..... 9
5.4.2 Density ..... 9
5.4.3 Linear dry shrinkage coefficient ..... 10
5.4.4 Strength ..... 10
5.4.5 Compressive strength ..... 10
5.4.6 Initial shear strength ..... 11
5.4.7 Water vapour diffusion resistance ..... 11
5.4.8 Thermal conductivity ..... 11
5.4.9 Fire behaviour ..... 11

6 Designation ..... 11

7 Labelling ..... 12

8 Testing ..... 12
8.1 General ..... 12
8.2 Properties on delivery ..... 12
8.2.1 Moisture of dry mortars with organic fibres ..... 12
8.2.2 Aggregate size and oversize grain ..... 12
8.2.3 Content of harmful salts ..... 12
8.3 Preparing test mortars ..... 12
8.4 Preparation of mortar prisms ..... 13
8.5 Density ..... 13
8.5.1 General ..... 13
8.5.2 Procedure ..... 13
8.5.3 Evaluation and expression of results ..... 13
8.6 Linear dry shrinkage coefficient ..... 14
8.6.1 Procedure ..... 14
8.6.2 Evaluation and expression of results ..... 14
8.7 Compressive strength ..... 14
8.7.1 Procedure ..... 14
8.7.2 Evaluation and expression of results ..... 14

8.8 Initial shear strength ..... 14
8.8.1 Procedure ..... 14
8.8.2 Evaluation and expression of results ..... 15
8.9 Water vapour diffusion resistance ..... 15
8.10 Fire behaviour/building material class ..... 15
8.11 Additional tests ..... 15

9 Delivery ticket ..... 15

10 Product data sheet ..... 16

Annex A (informative) Additional testing of earth masonry mortars ..... 17

A.1 Life cycle assessment ..... 17
A.1.1 General ..... 17
A.1.2 Environmental product declaration for earth masonry mortar ..... 17
A.1.3 Recycling ..... 17

Bibliography ..... 19

Table 1 -- Limit values for oversize ..... 9

Table 2 -- Density classes of earth masonry mortar ..... 10

Table 3 -- Strength classes of earth masonry mortar ..... 10
