Life cycle management of concrete structures - Part 3: Execution stage

Contents

Page

Foreword.....	iv
Introduction.....	v
1 Scope.....	1
2 Normative references.....	1
3 Terms and definitions.....	1
4 Life cycle management in execution stage.....	2
4.1 General.....	2
4.2 Indicators for life cycle management.....	2
4.3 Formulation of execution plan.....	3
4.4 Formulation of inspection plan.....	3
4.5 Execution information.....	3
4.5.1 Execution plan and execution specification.....	3
4.5.2 Materials.....	3
4.5.3 Details of execution.....	4
4.5.4 Meteorological data.....	4
4.5.5 Quality control record.....	4
4.5.6 Inspection record.....	4
4.5.7 Environmental management record.....	4
4.5.8 Repair record.....	4
4.6 Items to be recorded.....	4
4.7 Feedback to execution plan.....	5
5 Transfer of execution information.....	5
5.1 General.....	5
5.2 Information transfer to use stage.....	5
5.3 Information transfer to end-of-life stage.....	5
5.4 Information transfer to structural planning and design stage.....	5
5.5 Information storage and access.....	5
Annex A (informative) Items of execution information.....	6
Annex B (informative) Execution information classes.....	7
