DIN EN 12602:2026-12 (E)

Precast autoclaved aerated concrete products

Contents

Page

European foreword 5

1 Scope 7

2 Normative references 7

3 Terms and definitions, symbols and abbreviations 10
3.1 Terms and definitions 10
3.2 Symbols 11
3.2.1 General symbols 11
3.2.2 Subscripts 11
3.2.3 Symbols used in this document 12
3.2.4 Abbreviations 13

4 Characteristics 13
4.1 Autoclaved aerated concrete (AAC) 13
4.1.1 Characteristic compressive strength 13
4.1.2 Dry density 13
4.1.3 Modulus of elasticity 13
4.1.4 Drying shrinkage - testing 14
4.1.5 Creep - testing 14
4.1.6 Freeze-thaw resistance 14
4.1.7 Corrosion protection 14
4.2 Reinforcing steel 14
4.2.1 Elongation at maximum load 14
4.2.2 Elongation after fracture 14
4.2.3 Stress ratio 14
4.2.4 Tensile yield strength 14
4.2.5 Ultimate tensile strength 15
4.3 Mechanical performance 15
4.3.1 Mechanical strength - testing - flexural strength 15
4.3.2 Mechanical strength - testing - longitudinal load 15
4.3.3 Mechanical strength - testing - loadbearing capacity under transverse load 15
4.3.4 Mechanical strength - testing - rigidity of joints - in-plane shear 15
4.3.5 Mechanical strength - testing - rigidity of joints - out-of-plane shear 15
4.4 Reaction to fire - class declaration 15
4.4.1 Classification by testing 15
4.4.2 Classification without further testing 15
4.4.3 Classification without testing 15
4.5 Resistance to fire 16
4.5.1 General 16
4.5.2 Resistance to fire EI - class declaration - testing 16
4.5.3 Resistance to fire EI - class declaration - tabulated values 16
4.5.4 Resistance to fire R - class declaration - testing 17
4.5.5 Resistance to fire R - class declaration - tabulated values 17
4.5.6 Resistance to fire REI - class declaration - testing 18
4.5.7 Resistance to fire REI - class declaration - tabulated values 18
4.5.8 Resistance to fire EI-M - class declaration - testing 20
4.5.9 Resistance to fire EI-M - class declaration - tabulated values 20
4.5.10 Resistance to fire REI-M - class declaration - testing 21
4.5.11 Resistance to fire REI-M - class declaration - tabulated values 21
4.6 Thermal performance 21

4.6.1 General ... 21
4.6.2 Thermal conductivity - testing ... 21
4.6.3 Thermal conductivity - tabulated values ... 21
4.7 Water performance ... 22
4.7.1 Water vapour permeability - resistance factor - testing ... 22
4.7.2 Water vapour permeability - resistance factor - tabulated value ... 22
4.8 Acoustic performance ... 22
4.8.1 General ... 22
4.8.2 Airborne sound insulation index - testing ... 22
4.8.3 Airborne sound insulation index - calculation ... 22
4.8.4 Impact sound insulation - testing ... 22
4.8.5 Impact sound insulation - calculation ... 22
4.8.6 Sound absorption coefficient building elements ... 22
4.8.7 Sound absorption coefficient traffic elements ... 22
4.9 Other performances - Mass of element ... 22
4.10 Release of dangerous substances - indoor air ... 23
4.11 Release of dangerous substances - soil and ground water ... 23
4.12 Environmental sustainability ... 24
4.12.1 Reference service life ... 24
4.12.2 Life cycle assessment environmental characteristics ... 24
4.12.3 Resource use environmental characteristics ... 25
4.12.4 Waste environmental characteristics ... 26
4.12.5 Output flows environmental characteristics ... 26
4.12.6 Biogenic carbon content environmental characteristics ... 27
4.13 Documents to be provided together with the declaration of performance ... 27
4.13.1 General ... 27
4.13.2 Off-the-shelf products ... 27
4.13.3 Custom-made products ... 27

5 Testing, assessment and sampling methods ... 28
5.1 Autoclaved aerated concrete (AAC) ... 28
5.1.1 Compressive strength ... 28
5.1.2 Dry density ... 28
5.1.3 Modulus of elasticity ... 28
5.1.4 Drying shrinkage - testing ... 28
5.1.5 Creep - testing ... 29
5.1.6 Freeze-thaw resistance ... 29
5.1.7 Corrosion protection ... 29
5.2 Reinforcing steel ... 29
5.2.1 Elongation at maximum load -- reinforcing steel ... 29
5.2.2 Elongation after fracture -- reinforcing steel ... 29
5.2.3 Stress ratio -- reinforcing steel ... 29
5.2.4 Tensile yield strength -- reinforcing steel ... 29
5.2.5 Ultimate tensile strength -- reinforcing steel ... 29
5.3 Mechanical performance ... 29
5.3.1 General ... 29
5.3.2 Mechanical strength - testing - flexural strength ... 29
5.3.3 Mechanical strength - testing - longitudinal load ... 29
5.3.4 Mechanical strength - testing - loadbearing capacity under transverse load ... 30
5.3.5 Mechanical strength - testing - rigidity of joints - in-plane shear ... 30
5.3.6 Mechanical strength - testing - rigidity of joints - out-of-plane shear ... 30
5.4 Reaction to fire - class declaration ... 30
5.5 Resistance to fire - class declaration - testing ... 30
5.6 Thermal performance ... 31
5.6.1 Thermal conductivity - testing ... 31
5.6.2 Thermal conductivity - tabulated values ... 31
5.7 Water performance ... 31
5.7.1 Water vapour permeability - resistance factor - testing ... 31
5.7.2 Water vapour permeability - tabulated values ... 31
5.8 Acoustic performance ... 31
5.8.1 Airborne sound insulation index - testing ... 31
5.8.2 Airborne sound insulation index - calculation ... 31

5.8.3 Impact sound insulation - testing 32
5.8.4 Impact sound insulation - calculation 32
5.8.5 Sound absorption coefficient building elements 32
5.8.6 Sound absorption coefficient traffic elements 32
5.9 Other performances - Mass of element 32
5.10 Release of dangerous substances - indoor air 33
5.11 Release of dangerous substances - soil and ground water 33
5.12 Environmental sustainability 33
5.12.1 Reference service life 33
5.12.2 Life cycle assessment environmental characteristics 34
5.12.3 Resource use environmental characteristics 34
5.12.4 Waste environmental characteristics 34
5.12.5 Output flows environmental characteristics 34
5.12.6 Biogenic carbon environmental characteristics 34
5.13 Performances in attached documentation of the product 35
5.13.1 General 35
5.13.2 Off the shelf products 35
5.13.3 Custommade products 35

6 Assessment and verification of constancy of performance - AVCP 36
6.1 General 36
6.2 Assessment of performance 36
6.2.1 General 36
6.2.2 Test samples, testing, and assessment criteria 37
6.3 Verification of constancy of performance 44
6.3.1 Factory production control (FPC) 44
6.3.2 Initial inspection of factory and of FPC 47
6.3.3 Initial inspection of the factory to validate environmental sustainability company specific data 48
6.3.4 Continuous surveillance of FPC 48
6.3.5 Environmental sustainability assessment validation 49

Annex ZA (informative) Relationship of this European Standard with Regulation (EU) No. 305/2011 .50

ZA.1 Scope and relevant characteristics 50

ZA.2 System of Assessment and Verification of Constancy of Performance (AVCP) 78

ZA.3 Assignment of AVCP tasks 79
