## Representation of results of particle size analysis - Part 4: Characterization of a classification process

---

| <b>Contents</b>              |   | <b>Page</b> |
|------------------------------|---|-------------|
| Foreword .....               |   | iv          |
| Introduction .....           |   | v           |
| <b>1</b>                     | <b>Scope .....</b>  | <b>1</b>    |
| <b>2</b>                     | <b>Symbols .....</b>  | <b>2</b>    |
| 2.1                          | Symbols for specific terms .....  | 2           |
| 2.2                          | Subscripts .....  | 3           |
| <b>3</b>                     | <b>Characterization of a classification process based on error-free distribution curves and mass balances .....</b> | <b>3</b>    |
| 3.1                          | Density distribution curves representing a classification process .....   | 3           |
| 3.2                          | Mass and number balances .....  | 4           |
| 3.3                          | Definitions of cut size, $x_e$ .....  | 5           |
| 3.4                          | Grade efficiency, $T$ , the grade efficiency curve, $T(x)$ , (Tromp's curve) .....                                  | 6           |
| 3.5                          | Measures of sharpness of cut .....  | 7           |
| <b>4</b>                     | <b>The influence of systematic errors on the determination of grade efficiency curve .....</b>                      | <b>9</b>    |
| 4.1                          | General .....   | 9           |
| 4.2                          | Systematic error due to a splitting process in the classifier .....   | 10          |
| 4.3                          | Incomplete dispersion of the feed material .....  | 11          |
| 4.4                          | The influence of comminution of the feed in the classifier .....  | 11          |
| <b>Annex A (informative)</b> | <b>The influence of stochastic errors on the evaluation of grade efficiency curves .....</b>                        | <b>12</b>   |
| <b>Bibliography .....</b>    |   | <b>17</b>   |
