Foreword 3

Introduction 4

1 Scope 5

2 Normative references 5

3 Terms and definitions 6

4 Symbols 7

5 Requirements 7
5.1 Grading, general 7
5.2 Visual strength grading 8
5.3 Machine strength grading 8
5.4 Durability against biological attack 10
5.5 Reaction to fire 10

6 Evaluation of conformity 10
6.1 General 10
6.2 Initial type testing and assessment 10
6.3 Factory production control (FPC) 12

7 Marking 13
7.1 General 13
7.2 Information on the product (except if omitted for aesthetic reasons) 13
7.3 Information either on the product (except if omitted for aesthetic reasons) or in accompanying documentation 13

Annex A (normative) Requirements for strength reducing characteristics for visual grading standards 16

A.1 Limitations for strength-reducing characteristics 16
A.2 Limitations for geometrical characteristics 17
A.3 Limitations for biological characteristics 18
A.4 Other characteristics 18

Annex B (informative) Marking codes for single species 19

Annex C (normative) Reaction to fire: Euroclass without the need for further testing 21

Annex ZA (informative) Clauses of this European Standard addressing the provisions of the EU Construction Products Directive 22

ZA.1 Scope and relevant characteristics 22

ZA.2 Procedure for attestation of conformity of strength graded structural timber with rectangular cross section 23

ZA.3 Marking 26
