

# DIN EN 534:2006-08 (E)

## Corrugated bitumen sheets - Product specification and test methods

---

| <b>Contents</b> |   | <b>Page</b> |
|-----------------|---|-------------|
| Foreword .....  |   | 4           |
| 1               | Scope .....   | 5           |
| 2               | Normative references .....                          | 5           |
| 3               | Symbols and abbreviations .....                     | 5           |
| 4               | General .....                                       | 5           |
| 5               | Requirements .....                                  | 6           |
| 5.1             | Geometrical properties .....                        | 6           |
| 5.1.1           | Length .....  | 6           |
| 5.1.2           | Width .....   | 6           |
| 5.1.3           | Thickness .....                                     | 6           |
| 5.1.4           | Height of corrugations .....                        | 6           |
| 5.1.5           | Pitch of corrugations .....                         | 6           |
| 5.1.6           | Squareness .....                                    | 7           |
| 5.2             | Mechanical properties .....                         | 7           |
| 5.2.1           | Bending under downward load .....                   | 7           |
| 5.2.2           | Impact strength .....                               | 7           |
| 5.2.3           | Tearing strength .....                              | 7           |
| 5.3             | Physical properties .....                           | 7           |
| 5.3.1           | Water impermeability .....                          | 7           |
| 5.3.2           | Proportion of bitumen .....                         | 7           |
| 5.3.3           | Mass .....  | 7           |
| 5.3.4           | Homogeneity of the product .....                    | 8           |
| 5.3.5           | Water absorption .....                              | 8           |
| 5.3.6           | Slip resistance .....                               | 8           |
| 5.3.7           | Load bearing .....                                  | 8           |
| 5.4             | Durability .....                                    | 8           |
| 5.4.1           | Tearing strength after freeze/thaw ageing .....     | 8           |
| 5.4.2           | Water impermeability after freeze/thaw ageing ..... | 8           |
| 5.4.3           | Thermal coefficient .....                           | 8           |
| 5.5             | Fire performance .....                              | 8           |
| 5.5.1           | Reaction to fire .....                              | 8           |
| 5.5.2           | External fire performance .....                     | 8           |
| 6               | Sampling and conditioning .....                     | 9           |
| 6.1             | Sample preparation .....                            | 9           |
| 6.2             | Cutting of the corrugated bitumen sheet .....       | 10          |
| 7               | Test methods .....                                  | 11          |
| 7.1             | Geometrical properties .....                        | 11          |
| 7.1.1           | Length .....  | 11          |
| 7.1.2           | Width .....   | 12          |
| 7.1.3           | Thickness .....                                     | 12          |
| 7.1.4           | Height of corrugations .....                        | 13          |
| 7.1.5           | Pitch of corrugations .....                         | 14          |
| 7.1.6           | Squareness .....                                    | 15          |
| 7.2             | Mechanical properties .....                         | 18          |
| 7.2.1           | Bending under downward load .....                   | 18          |

|   |   |    |
|---|---|----|
| 7.2.2   | Impact strength .....                               | 20 |
| 7.2.3   | Tearing strength .....                              | 21 |
| 7.3   | Physical properties .....                           | 23 |
| 7.3.1   | Water impermeability .....                          | 23 |
| 7.3.2   | Proportion of bitumen .....                         | 24 |
| 7.3.3   | Mass .....  | 24 |
| 7.3.4   | Homogeneity of the product .....                    | 25 |
| 7.3.5   | Water absorption .....                              | 25 |
| 7.4   | Durability .....                                    | 26 |
| 7.4.1   | Tearing strength after freeze/thaw ageing .....     | 26 |
| 7.4.2   | Water impermeability after freeze/thaw ageing ..... | 26 |
| 7.4.3   | Thermal coefficient .....                           | 26 |
| 7.4.4   | Frost resistance conditioning .....                 | 27 |
| 7.5   | Fire performance .....                              | 28 |
| 7.5.1   | Reaction to fire .....                              | 28 |
| 7.5.2   | External fire performance .....                     | 28 |
| 8   | Evaluation of conformity .....                      | 28 |
| 8.1   | General .....                                       | 28 |
| 8.2   | Initial type testing .....                          | 28 |
| 8.3   | Factory production control (FPC) .....              | 29 |
| 8.3.1   | General .....                                       | 29 |
| 8.3.2   | Equipment .....                                     | 29 |
| 8.3.3   | Raw materials and components .....                  | 29 |
| 8.3.4   | Non-conforming products .....                       | 29 |
| 8.3.5   | Frequency of testing .....                          | 29 |
| 8.3.6   | Tests methods .....                                 | 29 |
| 9   | Marking .....                                       | 29 |
| Annex A (normative) Frequencies of testing for factory production control .....   |   | 31 |
| Annex ZA (informative) Clause of this European Standard addressing the provisions of the EU<br>Construction Products Directive (89/106/EEC) ..... |   | 32 |
| ZA.1 Scope and relevant clauses .....   |   | 32 |
| ZA.2 Procedure for the attestation of conformity of corrugated bitumen sheets .....   |   | 34 |
| ZA.2.1 Systems of attestation of conformity .....   |   | 34 |
| ZA.2.2 EC Certificate and Declaration of conformity .....   |   | 37 |
| ZA.3 CE marking .....   |   | 39 |
