## Test methods for fibres in concrete - Part 1: Reference concretes

---

<b>Contents</b>		<b>Page</b>
Foreword .....		3
1	Scope .....	4
2	Normative references .....	4
3	Principle .....	4
4	Equipment .....	5
4.1	General .....	5
4.2	Concrete mixer .....	5
4.3	Moulds .....	5
4.4	High frequency vibrating table .....	5
5	Materials .....	5
5.1	Aggregates .....	5
5.2	Mixing water .....	5
5.3	Cement .....	5
5.4	Admixtures .....	5
5.5	Fibres .....	5
6	Reference concrete composition and properties .....	6
6.1	General .....	6
6.2	Water/cement ratio .....	6
6.3	Maximum cement content .....	6
6.4	Fibre content .....	7
6.5	Consistence .....	7
6.6	Specimen preparation .....	7
6.7	Concrete curing and storage .....	7
7	Report .....	8
Bibliography .....		9
