## Metallic materials - Wire - Simple torsion test

---

| <b>Contents</b>   |                                | <b>Page</b> |
|---|--------------------------------|-------------|
| Foreword .....  |                                | iv          |
| 1   | Scope .....                    | 1           |
| 2   | Symbols and designations ..... | 1           |
| 3   | Principle .....                | 2           |
| 4   | Testing equipment .....        | 2           |
| 5   | Test piece .....               | 2           |
| 6   | Testing conditions .....       | 3           |
| 7   | Procedure .....                | 3           |
| 8   | Test report .....              | 4           |
| Annex A (informative) Recommended types of jaws depending on the diameter $d$ or characteristic dimension $h$ of the wire ..... |                                | 5           |
| Annex B (informative) Evaluation of fractures occurring during simple torsion test .....  |                                | 6           |
