|--------------------|--|-------------|
| Foreword .....     |  | 3           |
| Introduction ..... |  | 4           |
| 1                  | Scope .....  | 5           |
| 2                  | Normative references .....                           | 5           |
| 3                  | Terms and definitions .....                          | 5           |
| 4                  | Classification .....                                 | 5           |
| 5                  | Requirements .....                                   | 5           |
| 5.1                | Performance requirements .....                       | 5           |
| 5.2                | Biocompatibility .....                               | 6           |
| 6                  | Sampling .....                                       | 6           |
| 7                  | Test methods .....                                   | 6           |
| 7.1                | Preparation of test specimens .....                  | 6           |
| 7.2                | Determination of setting time .....                  | 6           |
| 7.3                | Determination of compressive strength .....          | 7           |
| 7.4                | Determination of film thickness .....                | 10          |
| 7.5                | Determination of acid-soluble arsenic fraction ..... | 12          |
| 8                  | Marking, labelling and packaging .....               | 12          |
| 8.1                | Packaging .....                                      | 12          |
| 8.2                | Marking and instructions for use .....               | 12          |
| Bibliography ..... |  | 14          |
