## Dentistry - Root canal sealing materials (ISO 6876:2012)

---

<b>Contents</b>		<b>Page</b>
Foreword .....		3
Introduction .....		4
1	Scope .....	5
2	Normative references .....	5
3	Terms and definitions .....	5
4	Requirements .....	6
4.1	Components .....	6
4.2	Microbiological hazard .....	6
4.3	Physical and mechanical properties .....	6
4.4	Sampling .....	7
4.5	Test conditions .....	7
4.6	Preparation of material for testing .....	7
5	Test methods .....	7
5.1	Extraneous matter .....	7
5.2	Flow .....	7
5.3	Working time .....	8
5.4	Setting time .....	8
5.5	Film thickness .....	9
5.6	Solubility .....	9
5.7	Radio-opacity .....	10
6	Packaging, marking and information to be supplied by the manufacturer .....	11
6.1	General .....	11
6.2	Packaging .....	11
6.3	Marking .....	11
6.4	Manufacturer's information and instructions for use .....	11
Bibliography .....		13
