Foreword 3

Introduction 4

1 Scope 5

2 Normative references 5

3 Terms and definitions 5

4 Tooth substrate and storage 5
4.1 General 5
4.2 Time after extraction 6
4.3 Condition of teeth 6
4.4 Initial preparation and storage of teeth 6

5 Tooth surface preparation 6
5.1 General 6
5.2 Potting (mounting) of teeth 6
5.3 Surface preparation 7
5.4 Storage of prepared specimens 7

6 Specimen production, handling and storage 7
6.1 General 7
6.2 Preconditioning 7
6.3 Application of adhesive 7
6.4 Insertion into bonding clamp 8
6.5 Composite placement 8
6.6 Specimen handling and storage 8

7 Notched-edge shear test 9
7.1 Apparatus 9
7.2 Shear loading 10
7.3 Test 10
7.4 Recording and treatment of results 10
7.5 Report 10

Annex A (normative) Detailed drawings of notched-edge shear apparatus 12
