## Dentistry - Test Method for Determining Radio-Opacity of Materials (ISO 13116:2014)

---

<b>Contents</b>		<b>Page</b>
Foreword .....		3
1	Scope .....	4
2	Normative references .....	4
3	Terms and definitions .....	4
4	Requirements .....	4
5	Sampling .....	4
6	Apparatus .....	5
6.1	Suitable moulds for constructing samples of the test-material .....	5
6.2	Screw micrometer gauge, or equivalent device .....	5
6.3	Aluminium step wedge .....	5
6.4	Dental X-ray unit .....	5
6.5	Dental X-ray sensor .....	5
7	Test conditions and procedures .....	6
7.1	Test conditions .....	6
7.2	Preparation of test specimens .....	6
7.3	Test procedure for analogue equipment .....	6
7.4	Test procedure for digital equipment .....	6
8	Treatment of results .....	7
